

# STUDENT ACCEPTABLE USE CONSENT FORM

In many ways, use of the Internet is akin to a field trip (students could have access to material well outside of MQH control) and as such no student will be authorized internet use without a signed consent form. All authorized users must sign and return a consent form before a password will be issued permitting Internet access.

**INSTRUCTIONS:** Both the student and parent must sign and date the top half of this form. Parents must sign one for each of their children attending MQH. Do not fill in anything below the dashed line. That will be completed by the technology staff and returned to the student.
